WOOD

Pensado para estilos requintados, o sistema WOOD apresenta-se como o casamento perfeito entre design e natureza.

Composto por uma aba e uma prumada batente em madeira, esta solução de fixação à parede permite a aplicação de uma porta de correr em madeira com o sistema de correr elegantemente oculto.

Conceived for exquisite styles, the WOOD system presents itself as the perfect marriage between design and nature.

Composed by a wooden track cover and a strike post, this wall mounted solution enables the application of a wooden sliding door, with the sliding system elegantly hidden.

Pensé pour les styles exquis, le système WOOD se présente comme le mariage parfait entre le design et la noblesse du bois.

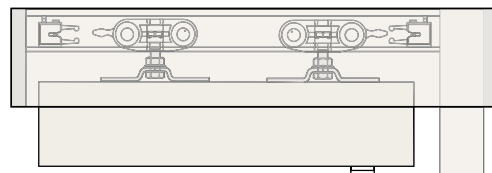

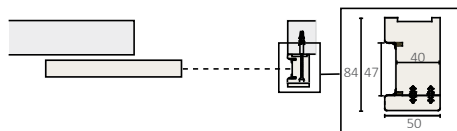

Composé par bandeau et un arrêt battant en bois, cette solution de fixation murale permet l'utilisation d'une porte en bois et la dissimulation élégante du système.
